

Further Information for members who are considering a transfer but do not yet have a transfer value quotation

- If you requested a transfer value quote on or before 11 December 2017 and have not yet received it, please email the Pensions Office at pension.transfers@tatasteel.com. Please head up your message with "Transfer Value Quote Requested Before 11 December 2017" and provide evidence of your original request.
- If you requested a transfer value quote after 11 December 2017 and have not yet received it, it is unlikely you will now be able to take a transfer from the current scheme.
- If you have not already requested a transfer value quote, it is now too late to do so.
